

Accommodation at The Park, Findhorn Foundation

We have a range of accommodation from modern eco chalets to upgraded bungalows. There are single, double and twin-bedded rooms with en-suite facilities and others with shared facilities. They all have comfortable and warm living areas for guests to relax and socialise. As we upgrade our bungalows to more ecological and well insulated chalets we are also building in more accessible features along with comfort and privacy.

At The Park we have bed space for 56 people. This document gives you a flavour of some of the accommodation that you or your guests may be staying in while visiting the community.
